

Butterflies NEWS

February 4 - February 15, 2019

Our theme: **Pucker Up!**

Love is in the air as we celebrate Valentine's Day and friendship with games and stories!!

We also explore what's in our mouths and how to take care of our teeth. The drama area becomes a dentist office. We'll be charting tooth brushing each day so keep up the healthy habits.

The Dentist visits on Wednesday 2/15. We exchange valentines on Feb. 13 and 14. Children should sign their name only, no need to put classmates' names on the envelope/card. We have 18 friends in our class.

Art projects include: heart prints, valentine bags, friend paper bag puppets, floss art

Creative Learning: Graph candy hearts, Journals: What color is your toothbrush?
